Product Parameters	
Dimension(L*W*H):	11000*2500*3650 (mm) (Customized Sizes or Designed according to customers' needs)
Tanker body material:	5mm high strength wear-resistance steel
Volume:	30CBM To 60CBM
Axles:	3 axles
Tire:	12 units
Application:	BOHAI/KEFA brand transport lime, cement, powder etc.
Tank body thickness:	3.5mm
Compressor:	BOHAI/KEFA brand 12m³ double cylinder air compressor
Spare tire rack:	2 units
Diesel Engine:	WEICHAI Brand
Suspension:	Heavy duty mechanical suspension
Landing gear:	JOST
Brake system:	WABCO
Light:	LED light (specially intended for oversea markets)
Voltage:	24V
Tool box:	1 set
Painting:	Polyurethane paint, with long service lift, and avoid the vehicle get rust.
